Engineering the Sun into Solutions.

ABOUT

H.M. ELECTRO MECH LIMITED

H.M. ELECTRO MECH LIMITED is India's leading renewable energy solutions provider, dedicated to shaping a greener tomorrow. With over Six years of experience, we offer innovative and efficient solar energy solutions for industries and individuals across India, reducing carbon footprints and driving sustainable growth. Based in Ahmedabad, our operations span the nation, providing cutting-edge photovoltaic and thermal products, manufactured in our state-of-the-art facilities with unwavering quality.

Twinsag Enterprise has emerged as a pioneer in India's dynamic power trading market, demonstrating a consistent record of accomplishment and sustained growth. Leveraging the technical, managerial, and financial resources of our collaborative partners, we offer an unmatched range of services, exceptional customer care, and complete payment security at highly competitive rates.

OUR MISSION:

To provide beautiful, efficient, affordable, and seamlessly integrated eco-friendly solutions that delight our customers by managing every project from start to finish, ensuring complete satisfaction and a seamless experience.

OUR VISION:

To be India's leading renewable energy solutions provider, shaping a greener tomorrow through innovative and efficient solar energy solutions for industries and individuals across the nation. We strive for sustained growth and to be recognized for our unmatched range of services, exceptional customer care, and unwavering commitment to quality.

OUR STRENGTHS:

H.M. ELECTRO MECH LIMITED is a driving force in the solar market for industrial and institutional clients, backed by a proven track record of over 200+ megawatts of completed solar projects across India and an additional 500+ MW of consultancy and project management (PMC) experience. We offer comprehensive EPC (Engineering, Procurement, and Construction) services for solar project developers, along with flexible investment options, including Joint Investment, Opex, and Capex schemes for premium customers.

The Smart Choice for Solar Solutions

Benefit from Proven Expertise

With over four years dedicated to the renewable energy sector, we bring deep knowledge and a successful track record to every project.

Access Comprehensive and Flexible Solutions

We offer end-to-end services, from expert EPC to tailored investment options like Joint Investment, Opex, and Capex, meeting your specific needs.

Count on Uncompromising Quality

Our state-of-the-art manufacturing and rigorous quality control ensure reliable, high-performance solar solutions you can trust.

Partner for a Sustainable Future

We are committed to driving the adoption of clean energy, helping you reduce your carbon footprint and contribute to a greener India.
